 Contraction, hour-glass, 76
 Convention, American Dental, 225
 Cooling power of the air on the human body, measurement of, 95
 Cordeiro, Dr., death of, 307
 Cotton as a substitute for lint, 284
 Country practice, cases in, 49, 89
 Croup, and diphtheria, cases in the same family, 49, 360; membrane expelled by a patient with, 436
 Crysimum, or erysimum? 367
 Cummings, Dr. A. K. Expulsion of tænia solium, 469
 Cyst in cerebellum, 251
 Dalton, E. B., surgeon, reinstatement of, 187
 Deaths from chloroform, 523
 Debility, muscular, cured by support and exercise, 181
 Deformities, cured by manual extension, 145
 Deltoid, rheumatism of, 326
 Dental Convention, American, 225
 Dentists, at Rio Janeiro, 267
 Derby, Dr. George, U. S. A. Surgical operations in hospital at Newbern, 292
 Diabetes mellitus, saccharine treatment of, 137
 Diagnosis, of hæmoptysis, 238; Medical Manual of, 501
 Dialysis, 516
 Diarrhoea, camp, treatment of, 103; chronic, among Confederate prisoners, 266
 Diary of a brigade surgeon, 311, 374, 496
 Diet-table, new, for U. S. military hospitals, 402
 Diet, in the British army, 407
 Dilator, use of in tracheotomy, 368
 Diphtheria, cases of, 433; treatment of, 468, 527; and croup in the same family, 360
 Directory of hospitals, 367
 Disease, treatment of by oxygen gas, 445; of brain, two cases of, 249
 Disinfecting treatment of typhus, 315
 Dislocation of a rib from the sternal cartilage, 295
 Dispensary, Boston, statistics, 285
 Dix, Dr. John H. Surgical treatment of glaucoma, 69
 Dropsy, ovarian, 15
 Elbow-joint, accidental resection, 32, 67
 Empyema, thoracentesis in, 182; pulsating of necessity, 229
 Ergot, use of followed by retention of placenta, 19, 20, 81
 Erysimum, 367
 Erysipelas, infantile, successful treatment of, 45
 Ether, letter on, 296
 Examination of recruits, 264, 426, 408, 483
 Examiners of exempts, 509
 Exemption from military draft, 85, 101, 105, 166, 185, 509
 Exostosis, from the scapula of an ox, 361
 Eye and Ear Infirmary, Mass., 470
 Eyeball, melanosis of, 361; enucleation of for hydrophthalmia, 511
 Face, breech-pin of gun in, 471

- Facial paralysis, 14
 False membrane, expectorated by a patient with croup, 436
 Farnsworth, Dr. J. P. Case of pityriasis nigra, 432
 Fat as an antidote to strychnia, 325
 Fattening cattle on cod-liver oil, 408
 Fatty concretions discharged from the bowels, 433, 448
 Fee-table, medical, Cincinnati, 102
 Females, aged and indigent, Association for relief of, 489
 Femoral artery, wound of, 369
 Fever, intermittent, 13; puerperal, 77; yellow, at Port Royal, 449
 Fibroid tumor of the uterus, 49
 Fifeid, Dr. W. C. B. On the pulsating empyema of necessity, 229
 Fitch, Dr. S. Excision of a large uterine polypus, 309
 Fetus, transmitting syphilis to the mother, 209
 Foot, glass in, for 15 years, 227
 Fracture of vertebra, 297
 Fraser, Dr. James N. Breech-pin of gun imbedded in the bones of the face eight years, 471
 French ambulance knapsacks, 400
 Frozen well in Vermont, 147
 Fungi, straw, inoculation with, 237
 Gangrene, of throat, 326
 Gay, Dr. G. H. Report to the Surgeon-General, 268, 281; on military surgery, 297
 Georgetown, hospitals in, 286
 Gestation in double uterus, 107
 Gibson, Dr. William B., death of, 324
 Glass in foot, 15 years, 227
 Glaucoma, iridectomy in, 147, 429; surgical treatment of, 69
 Green, Prof. Horace, new work by, 108
 Gun-shot injuries, Stromeyer and Esmarch on, 399; of the head, 237; of the head, involving the brain, 421
 Hæmoptysis, diagnosis of, 238
 Handbook of Surgical Operations, 147
 Harsen, Dr., death of, 490
 Harvard Medical College, lectures at, 268
 Harvey, Dr. W. A. Hour-glass contraction, 76
 Haven, Dr. S. Foster, Jr., notice of death of, 505
 Head, deeply penetrating wound of, 22; gunshot wound of, 237, 421
 Health, of Boston, in 1862, 489; of 1st Mass. regiment, 248; of Providence, R. I., 66, 148; boards of in California, 88; of Scotland, 398
 Heard, Dr. Lewis. Wound of femoral artery, 369
 Heart, recovery from wound of, 148
 Hernia, strangulated inguinal, 389
 Hilton Head hospital, cases in, 269
 Hints and observations on military hygiene, 61
 Hoarseness, query concerning remedy for, 345; and sore throat, 286
 Hodges, Dr. R. M. Injury to the arm common to young children, 129
 Holmes's (Prof.) Introductory Lecture, 307
 Hospitals, air-space of, 406; construction of, 379; directory of, 367; importance of cleanliness in, 346; overcrowding of, 344; government inspection of, 328; government, report of Drs. Bowditch and Ellis on, 322; U. S., patients in, 326; in Georgetown, 286; general, of the army, inspection of, letter from the Sanitary Commission, 207; U. S. military, inspection of, instruction to inspectors, 262; military, in Maryland and Washington, report of Dr. Le Baron Russell's visit to, 354; U. S. military, new diet-table for, 402; military and camp, and health of troops in the field, 40; in San Francisco, 347; Washington, letter on, 303; inspection of, Dr. W. E. Coale on, 223; inspectors from Boston, 368; Central Park, N. Y., 328; U. S. at Hilton Head, cases in, 269; Judiciary Square, surgical cases in, 252; Long Island College, commencement of, 128; military, at New Haven, 228; military, at Portsmouth, R. I., 114; new City, 486; New York Ophthalmic, 208; Rainsford Island, report, 488; reading for inmates of Mass. General, 67; St. Mary's, San Francisco, 86; West Philadelphia General, 228; Steward's Manual, 281
 Hour-glass contraction, 76
 Hydrocele, 290
 Hydrophthalmia and enucleation of the eye-ball, 511
 Hygiene, military, hints and observations on, &c., 61; and military surgery, lectures on, 469
 Hypertrophy, enormous, of os and cervix uteri, 349
 Hypophosphites of lime and soda, 227
 Infantile erysipelas, treatment of, 45
 Inguinal hernia, strangulated, 389
 Injuries, gun-shot, Stromeyer and Esmarch on, 399
 Inoculation with straw fungi, 287
 Inspection, hospital, 223; of general hospitals of the army, letter from the Sanitary Commission, 207; of U. S. military hospitals, instruction to inspectors, 262; of military hospitals, first report of Dr. Clark, Inspector-in-chief, 443
 Inspectors, of government hospitals, 328; hospital, from Boston, 368
 Intermittent fever, nitrate of potass in, 221; oil of savin as a remedy for, 93; in a person some years after exposure, 13
 Introductory lectures, 307, 327

- Iodide of potass and mercury in the treatment of syphilis, 211
 Iridectomy, in glaucoma, 147, 429
 Iron-clads, ventilation of, 327
 Irritability, nervous, 229
- Jarvis, Dr. E., appointed inspector of camps, 208; report of visits to camps, 363, 381
 Jeffries, Dr. B. Joy. Hydrophthalmia and enucleation of the eye-ball, 611
 Joints, diseased, institution for, 127; healthy and diseased, 63
 Journal, next volume of, 26, 510
- Knapsacks, French ambulance, 400
- Labor, natural, non-interference in, 478
 Lambert, Dr. T. S. New and cheap method of ventilation, 9
 Lanceted probe, new, 487
 Lawrence Society for Medical Improvement, 26
 Lectures, clinical, on diseases of women, 501; introductory, 327; at the Mass. Medical College, 268; on hygiene and military surgery, 469
 Letter, from F. H. B. on examination of recruits, 426; from Dr. A. L. Monroe, 21; from a surgeon of the Mississippi squadron, 38; on army medical service, 45; from Dr. R. D. Mussey, 83; from Dr. S. K. Towle, surgeon to 30th Mass. regiment, 119, 200, 384; from Dr. Anson P. Hooker, 125; from Dr. P. A. O'Connell, 201, 243; from Gov. Andrew to Dr. G. H. Gay, 345; from Dr. Samuel A. Green, Surg. 24th Mass. regiment, 502; from Dr. George Jewett, Surgeon 51st Mass. regiment, 503; from Dr. A. A. Stocker, Surg. 3d Mass. reg't, 503
 Levy, new, surgeons for, 62
 Life, duration of in Sweden, 427
 Lime and soda, hypophosphites of, 227
 Limbs, artificial, for maimed soldiers, 106, 267
 Lint, as a dressing for wounds, medical commission of Mass. on, 126; cotton a substitute for, 284; oakum as a substitute for, 84, 192; use of, Providence, Medical Association on, 187
 Liver, abscess in, 296
 London surgeons, 66
 Long Island College Hospital, 128
 Lumbar abscess, 142, 167
 Lunatics, cost of in England, 326
- Malaria, effect of on the acclimated and unacclimated, 384
 Malarious disease, quinine as a prophylactic against, 59, 83
 Mamme, supplementary, 87
 Manual extension as a cure of deformities, 145
 Manual, Hospital Steward's, 281
 Manual of Medical Diagnosis, 501
- Marriages, early, 406
 Martin, Dr. Henry A., U. S. A. Successful removal of an enormously hypertrophied cervix uteri, 349

 Medical and Surgical Reporter, 265, 490
 Medicines, cumulative action of, 475
 Melanosis of the eye-ball, 361
 Membrane, expelled by a patient with croup, 436
 Menorrhagia, successful treatment of by perchlorure de fer, 63
 Mercury and iodide of potassium in the treatment of syphilis, 211
 Middlesex North District Medical Society, resolutions of on the death of Prof E.K. Sanborn, 27
 Midwifery, chloroform in, 87
 Military, and camp hospitals, and health of soldiers in the field, 40; duty, police exempt from, 166; hospital at Portsmouth, R. I., 114; hospital at New Haven, 228; hospitals in Maryland and Washington, report of Dr. Russell's visit to, 354; hospitals, report of inspector-in-chief of, 443; hygiene, hints and observations on, &c., 61; service, amputations and other major operations in, 196; surgery, cases in, 214, 252, 491; surgery and hygiene, lectures on, 469
 Miscarriage, followed by acute pericarditis, 276
 Monroe, Dr. A. L., letter from, 21
 Morse, Dr. J. H., death of, and resolutions of the Lawrence Society for Medical Improvement, 26
 Mortality of Providence, R. I., 327, 489
 Move in the right direction, 187
 Murmurs, arterial, in incipient phthisis, 175
 Muscular debility cured by support and exercise, 181
 Mussey, Dr. R. D., letter from on quinine as a prophylactic, 83; typhoid fever sometimes contagious, 189

- Navy, U. S. appointments in, 510; letter from the Mississippi squadron, 38
- Necessity, pulsating empyema of, 229
- Necrosis, phosphorus, 78
- Nervous irritability, 289
- Newbern, N. C., surgical operations in military hospitals at, 292
- New York Ophthalmic Hospital, 208; Ophthalmic School, 287
- Nitrous oxide, medical use of, 504
- Nitrate of potass in intermittent fever, 221
- Non-interference in natural labor, 478
- Oakum as a substitute for lint, 84, 192
- Oesophagus, artificial teeth removed from, 89; injury to by potash, 361
- Ohio regiments, surgeons and assistant surgeons, 127, 188
- Oil, cod-liver, fattening cattle on, 408; mode of administering, 87; savin, as a remedy for intermittent, 93
- Oil wells in Canada, 66
- Operations, after an engagement, 109; Surgical Hand-Book of, 147
- Ophthalmic Hospital, New York, 208; school, 287
- Ophthalmological congress in Paris, 430
- Ophthalmoscope, weak-light, 409
- Opium poisoning treated by belladonna, 226
- Ovarian dropsy, 15
- Ox, exostosis from scapula of, 361
- Oxygen gas, treatment of disease by, 445
- Palate, plastic operation on, 294
- Paracentesis thoracis, 525
- Paralysis, facial, 14
- Paris, physicians of, their charges, 289; recent ophthalmological congress in, 430; vital statistics in, 87
- Pasteboard splints, 222
- Perchlorure de fer, successful treatment of menorrhagia by, 63
- Perforating ulcer of the stomach, 421
- Pericarditis, fatal, following miscarriage, 276
- Peritonitis following ovaritis, 16
- Pharmaceutical Association, American, 128, 187
- Pharmacopœia, new British, 348
- Phosphorus necrosis, 78
- Phthisis, incipient, arterial murmurs in, 175; contagiousness of, 498
- Physicians, Paris, charges of, 289
- Physicians' visiting list, 128
- Pierce, Dr. E. G., resolutions on the death of, 105
- Pityriasis nigra, case of, 432
- Placenta, portion of retained, 149
- Plastic operation on the palate, 294
- Poisoning, opium, treated by belladonna, 226; by Cannabis Indica, 291; by phosphorus, 107; by pollen of tiger lily, 279; by strychnine, trial of G. C. Hersey, 248
- Police, exempts from military duty, 168
- Polypus, large uterine, excision of, 309
- Port Royal, yellow fever at, 449
- Potash, injury to œsophagus by, 361; from wool, 470
- Potassa, nitrate of in intermittent fever, 221
- Practice, country, cases in, 49, 89; medical, in 1807, 212
- Pregnancy, doubtful, 235
- Prize, Astley Cooper, 141
- Probe, lanceted, new, 487
- Providence, R. I., deaths in, 66, 148, 327, 489; Medical Association, use of lint, 187
- Pruritus ani, remedies for, 288
- Prussian army, revaccination in, 106
- Publisher's notice, 388
- Puerperal fever, pathological anatomy of, 77
- Pulmonary diseases of children, 266
- Pumpkin seeds, tœnia expelled by, 428, 469
- Python, diseased lungs of a, 360
- Quinine, as a prophylactic against malarious disease, 69, 83
- Rainsford Island hospital report, 488
- Reading for inmates of Mass. General Hospital, 67
- Recruits, examination of, 264, 426, 408, 483
- Remedies for pruritus ani, 288
- Remedy for hoarseness, query concerning, 345
- Renal calculus, black, 278
- Report, annual, of the Surgeon-General U. S. A., 437; of Drs. Bowditch and Ellis on government hospitals, 322; of Dr. G. H. Gay, to the Surgeon General, 268, 281; on military surgery, 297; of inspector-in-chief of military hospitals, 443; of Rainsford Island Hospital, 488; on examination of recruits, 483; on suspended animation, 167; of Boston Society for Medical Improvement, 14, 81, 142, 181, 278, 295, 421, 433
